## New Life Campaign At Calvary Baptist

Calvary Baptist Church announces the coming of Roland Reed as guest evangelist, missionary and pastor, for one week of special services. As a missionary Roland Reed has served 26 years and had the joy of seeing over 30 churches established as hundreds of souls have come to know Jesus Christ. He has seen over 40 young people under his ministry leave to preach the gospel around the world.

The services will be held each evening at 7:30 p.m. beginning Monday, February 3rd through Saturday the 8th with Sunday services at 11:00 a.m. and 6:00 p.m. Free counseling services will be available each afternoon at the church for those who are interested. In addition to an M.A. in Theology from Eastern Theological Seminary, Roland Reed has a degree in Cultural Anthropology, and a Masters degree in psychology from the University of Minnesota. He has also done graduate work in psychology and drugs at the University of Wisconsin.

Roland Reed will soon become director of Baptist Missions of Minnesota. For those who are interested he came from a Roman Catholic family with one uncle who is a bishop in the Roman Catholic Church.

Each person in the Grayling area is invited to attend any or all of the above services at your convenience. If you need a ride or wish to make an appointment for counseling, phone 348-9220.

## Jack Pine's Stump

A day last week was one of those times when I got paid, and I spent a couple of hours hurrying about our fair community spreading happiness by paying bills. And I owe a considerable sum. But I have decided, in my infinite wisdom, that our local people are to be paid first - especially the Bank. Banks have a tendency to get a bit uptight about past due payments. But our local bank has never given me a hard time, a fact which I deeply appreciate. Maybe that is why I try to pay the Bank so promptly (when I have the money). Anyway, the last people I intend to pay are the oil companies, whose credit cards I used so freely for so long. Right now I need the money more than they do, so to hell with 'em.

-JP-

One of the places I did visit that memorable day was the Ford shop where I paid a long overdue bill and fell into conversation with a most grateful owner-Bill Hart. And Bill told me something which is not only very encouraging but a bit surprising, too. He said that last week his new car sales had started to pick up - but not oddly enough, in the Ford products which have a rebate attached. It's the other cars. Sorta weird, isn't it?

Whitey introduced a new column to his readers last week - written by one Jaymee Seidel and called "Main Stream Musings." It's a good column, too. Several years ago there was a part-time column in the Avalanche which was named "Main Stream Meanderings," as I remember. Strange as it might seem the old "Meanderings" column man and the new "Musings" column woman are practically next door neighbors on the Main Stream. I wish Mrs. Seidel the very best of everything with her column and hope that she keeps it up for a long time to come.

-JP-

So much for being nice. I think this winter "fishing for fun" deal promoted by, natural-

ly, TU, on certain trout waters is for the birds. And they wouldn't even do it even a dumb bird. I don't know what TU and its go-along lackeys in the DNR Fish Division are trying to prove. Nothing, I would guess, but at least it indicates that both groups are thinking - certainly a most welcome change.

-JP-

Well, I wanna do a little bit of business for one of my pet projects. Our annual Winter Sports Festival. You know, that thing has been going a long time - like 50 years now without a break. It's by far the longest continually-running such event in the State - maybe even in the nation. It covers almost half the time the city of Grayling has been on the map, lacking about three years. Anyway, to sort of commemorate this event the Chamber of Commerce has got some real nice commemorative mugs, suitably inscribed and all that stuff. They also keep coffee warm. The mugs are available for two bucks each or two for \$3.50. But the supply is limited and you can only get them at the Chamber office. It's a good deal, and besides the income generated will help finance the Winter Sports Festival. I wonder what I could sell to help finance old.....

We would like to thank the ladies who so kindly gave their time to serve the dinner to the family and friends of Warren Horner. Their thoughtfulness was greatly appreciated.

## your week ahead BY DR. A.W. DAMIS

Forecast Period: February 2 to February 8

### ARIES Mar. 21-Apr. 19

Throwing out subtle "feelers" about a long term plan...will be received with little or no enthusiasm. It would be a good idea to keep your future objectives to yourself.

### TAURUS Apr. 20-May 19

This "cosmic" cycle, you are entering an emotionally low mental phase. So it's likely that you'll over magnify any adverse news...connected with the other sex.

### GEMINI May 21-June 20

Quitting your job or project, at this time, is out of the question. None-the-less, the thought of "throwing up your hands" will haunt you for the next few days.

### MOONCHILD June 21-July 22

This coming week will be favorable for contacting the general public. So, if you are involved in sales or a similar occupation—look for good things!

### LEO July 23-Aug. 22

It's true, you're putting much, much too much effort into your job or project. Really, it's time for you to let up and take off the pressure.

### VIRGO Aug. 23-Sept. 22

It's possible for you to over estimate your ability. Experience gained in the far distant past is now outmoded. Approach your job, task or project, cautiously.

### LIBRA Sept. 23-Oct. 22

Oddly enough, you're going to welcome an interruption in your daily routine. Postponements, during this cosmic cycle, take on a surprisingly pleasant twist.

### SCORPIO Oct. 23-Nov. 21

It's the same old medicine in a new bottle. Take care, there's indications that a member of the opposite sex—will take you for a financial ride.

### SAGITTARIUS Nov. 22-Dec. 21

There's questionable advice in your chart. It seems that most members of your sign should follow dictates of the heart. So, logical thinking might be troublesome.

### CAPRICORN Dec. 22-Jan. 19

A build up of obligations could cause most members of your sign...domestic problems. Check with home base before you commit yourself to an outside schedule.

### AQUARIUS Jan. 20-Feb. 18

There's no cause for alarm. Stellar patterns could trigger a feeling of being restless, for no particular reason. Throw yourself into a new project or interest.

### PISCES Feb. 19-Mar. 20

Take care, news is heading your way that will not be appreciated—if you pass it on to your routine associates. In other words, good news for you—could be bad news for someone else.

### Good Omen

According to a Gallup Poll, 77 percent of the American people name the high cost of living as the most important problem facing the nation. Most interesting of all the facts turned up by the Gallup survey is the point that some 64 percent of the American people apparently plan to reduce their spending in order to counter rising prices, and 44 percent blame the federal government as the chief instigator of the inflationary process.

If enough people act in accordance with these convictions, half the battle of controlling inflation would be won. It is demand for scarce goods and services that helps feed the fires of rising prices, and it is public demand for government services that boosts the level of federal spending and contributes to uncontrollable budget deficits and inflation. If the public mood is to cut its own high living habits and if public opinion forces the federal bureaucracy to do the same, there is little question but what the future of the United States, economically speaking, will be a lot brighter than many people now expect.

### Why Not Hatch?

As one gentleman by the name of C. S. Lewis observed, "...you cannot go on being a good egg forever; you must either hatch or rot." The root of many of America's difficulties may lie in the fact that not enough people have taken the trouble to hatch. The president of the Foundation for Economic Education, Inc. has observed that, "...hatching must be the objective of the individual for his own sake—the eye focused on the growth of one's own consciousness, not the reforming of others." In seeking an individual of integrity and purpose, he suggests looking in a mirror and not elsewhere. Try your best and hope for the best; others will follow and some may pass you.

As this modern philosopher puts it, "Make hatching a game of leapfrog—the greatest game in life!" Not bad advice for over 200 million people who have to get their nation back on the track! The last thing the United States needs right now is a bunch of rotten eggs.

**GROOM, TEXAS, NEWS:** "How can a society that exists on instant mashed potatoes, packaged cake mixes, frozen dinners and instamatic cameras teach patience to its young?"

**BREVARD, N.C., TRANSYLVANIA TIMES:** "Our victories always are won hour by hour, not in bunches. We have to play only one game at a time and handle only our spot in the line. An hour conquered with courage and faith is a victory won. It is a mark of intelligence, no matter what you are doing, to have a good time doing it."

**BEACH HAVEN, N.J., TIMES:** "It's still a good idea for American girls to learn something about being a wife and mother and homekeeper—if they want a happy life."

## THE BIBLE SPEAKS

From Calvary Baptist Church

### ANXIETY AND WORRY

Our age is often spoken of as the age of anxiety. Apparently there has never been a period in history when the entire world has been caught up in such fear and anxiety as we face today. We are confronted with world wide energy shortages, material shortages, inflation, recession, growing crime problems, educational problems, family problems, government problems, the constant threat of warfare and the pressure of Communist aggression. Every attempted solution seems to lead us into more problems. People feel insecure as never before.

Anxiety is taking its toll as millions of people suffer the loss of mental and physical health.

Some people try to appear optimistic even in the face of worsening conditions. They try to explain away reality and in a dream world of human hope. Other people turn to alcohol and drugs to dull the mental anguish and give some temporary relief to their shattered nerves. They only awaken in the morning to face the same reality in a weakened mind and body.

People who do not believe the literal prophecy of the Bible must face the future with uncertainty and often with fear. Only Bible Christians who trust fully in Jesus Christ can face the future with full assurance of real hope.

God has said: "Commit thy works unto the Lord, and thy thoughts shall be established." Proverbs 16:3. If the daily activities of our lives are committed to God's will, He has promised to give us established thoughts in place of our worry and anxiety.

God has said: "Let your conversation (or lifestyle) be without covetousness; and be content with such things as ye have: for he hath said, I will never leave thee, nor forsake thee." Hebrews 13:5. We should not be caught up in lust and greed for material gain, but rather rejoice in contentment because God has given Himself to us to be with us and meet our every need. His abiding presence should be more important to us than the wealth of all the world.

God has said: "Cast thy burden upon the Lord, and he shall sustain thee: he shall never suffer the righteous to be moved." Psalms 55:22. God repeats this thought in 1 Peter 5:7 "Casting all your care upon him: for he careth for you." The God who created you and me cares for us and does not want us to be destroyed by anxiety and fear.

## Auto Interest Rates Reduced

Effective immediately, First Savings and Loan Association of Saginaw has reduced their interest rates on new car loans.

The rate reduction was spurred by increased concern over the recent decrease in new car sales throughout Michigan and the nation.

"The combination of manufacturer rebates and lower interest rates from lenders should help stimulate new car sales," said an association spokesman.

As an example of the savings to the customer, a \$4,000 loan taken for three years would result in an approximate savings to the new car buyer of \$120.

These lower rates will be available to new car buyers serviced by any of the association's 13 branch offices located throughout out-state Michigan. The interest rates will be effective through March of this year.

First Savings hopes that other lenders will take similar steps in order to give the auto industry a much needed stimulus.

\$2,520 in 1975 may still get some social security benefits, but every dollar they earn above \$2,520 may cause a reduction of 50 cents in their social security benefits for the year. No matter how much they earn in 1975, they can get their full benefit for any month in which they do not earn more than \$210 in wages (up from \$200 in 1974) and do not perform substantial services in self-employment.

These will be the first automatic increases to take place under provisions of the Social Security Law enacted in 1972 and 1973, the manager said. He noted that these increases are determined on the basis of a formula in the law which automatically produces a result based on reported statistics.

"The formula is designed to keep both the contribution and benefit bases, and the retirement test exempt amount, up to date as average wage levels rise throughout the Nation," Averill explained. "Under the law these automatic increases can take effect only after a year in which there has been an automatic increase in social security benefits. An 11 percent increase in benefits that met this requirement took effect earlier in 1974."

"The contribution and benefit base is the maximum amount of earnings in a year that are creditable toward social security benefits and are taxable under social security. The new base of \$14,100 will provide additional income to the Social Security program without increasing the taxes of workers who earn \$13,200 or less in a year," Averill said.

He noted that the social security tax rate, now at 5.85 percent of taxable earnings for employees and employers each, and 7.9 percent of taxable earnings for self-employed people, will remain unchanged in 1974.

The increase in taxes payable on 1974 earnings for workers who earn more than \$13,200 will range up to a maximum of \$52.65 each for a wage earner and his employer, and \$71.10 for a self-employed person. The maximum social security tax a wage earner will pay in 1975 will be \$224.85, and a self-employed person, \$1,113.00.

"In return for the increase in taxes," Averill continued, "these affected workers will have greater protection because a larger amount of their earnings will be credited toward benefits than before. This will mean higher benefits for them and their families in the event of retirement, disability, or death, than would have been possible without an increase in the base."

**Congress acts;****girls now equal on playing field**

Problems of the economy may have Congress buffeted. Arms limitations may be beyond congressional determination. Energy crises may continue to plague the country.

But don't despair. Things will turn out all right. Congress has now made it official. To wit:

Girls can now play in the Little League on the same basis as boys.

In case you missed the momentous news, President Ford chose Christmas Day—indeed an appropriate time—to sign into law a bill that amends the federal charter of Little League Baseball, Inc., which up to then had specified that the league was an organization for boys only.

Last year 22 class action suits had been brought here and there around the country seeking to break down the boys-only provisions, and a New Jersey court had ruled in favor of the girls.

Encountering this virtual plethora of litigation (Ed. Note: I thought a little Howard Cosell style would fit in here), the Little League organization petitioned Congress to amend its charter.

And Congress acted, with relative dispatch, it seems to me.

Of course, legislating equality on the baseball diamond is a simple matter compared with the shortage of oil, or the slaughter of cattle, or the double whammy of simultaneous inflation and recession.

The new language deletes the word "boy" each time it appears in the Little League charter and substitutes "young people."

In addition, the word "manhood" is dropped from a section of the charter stating that Little League is intended to promote "citizenship, sportsmanship and manhood."

So, all well and good. Congressionally-chartered Little League certainly should embrace girls as well as boys.

And another national crisis has been solved.

Who won at MSU?

Sticking with sports for a bit—

National sports columnist Dick Young of the New York Daily News had some rather sharp comments

recently about the hiatus at Michigan State University when 10 basketball players walked out of a team meeting just before a big game, leaving only one healthy varsity player and the coaches.

Coach Gus Ganakas suspended the 10 walkouts, and brought up a flock of junior varsity players for the big game. The makeshift MSU team lost big. Later, after some consultation, the 10 varsity walkouts were reinstated and everything was back to normal—at least on the surface.

The 10 walkouts, it should be noted, were black; the one who stayed, and the head coach, both were white.

Claiming that a big university such as MSU, is basically a "shameless factory," stocked by "the shabby recruiting system." Young sees big college sports primarily as a showcase to display athletic wares for the big money to come later from professionalism.

The MSU walkouts felt "betrayed" by the system, Young wrote. He continued:

"I ask the black players: Just reverse the situation. Ten white players walk out because the coach wants to stage the one black man on the squad. You tell the one black man it's a matter of principle, nothing personal, and you ask him to walk out with you. Would the one black man do it?

You gotta be kidding.

"The whole situation is laughable—if it were not so condemning."

And then Columnist Young concludes:

"The players are back now, playing their one-on-one basketball, trying to catch the eye of a pro scout, playing not for the team but for themselves.

"Why should it be otherwise? How can you be expected to feel loyalty to a factory?"

Writer Young makes some good points.

It seems to me this is one of the few incidents in sports when everybody loses; in the MSU player walkout, nobody came out ahead.

But was it an incident in sports... or sociology?

### A new type of justice

It is to be hoped that Lady Justice's blindfold does not slip. She might see the yellow ribbon tied around Jeb Magruder's old oak tree — and throw up all over her out-of-balance trays.

Most people think Judge Sirica did a nice thing when he unexpectedly let Magruder, John Dean and Herbert Kalmbach out of the pokey before their sentences were served. The freeing came so suddenly, Magruder's warden didn't even have time to find a substitute to fill out their golf foursome that Sunday morning.

Judge Sirica didn't tell why he opened the prison doors. But everyone assumes he was rewarding the 3 men for ratting on their Watergate henchmen. Also, there is the general feeling that the three have suffered enough. After all, they lost important jobs and are now subject to public ridicule every time they give Town Hall lectures at \$2,000 per speech.

Besides, Richard Nixon was given a blanket pardon for all sins of word, deed or omission he might have committed while President. It is not generally known, but there was also a retroactive clause in Nixon's pardon. This allows him to commit one legal murder should he ever find himself on the edge of a cliff, standing behind that guy Butterfield who told the world the White House was bugged.

That is, Nixon can serve no prison term for such a murder. However, there would be a stiff fine with the stipulation that Bebe Rebozo and Robert Abplanalp must hand wrangle in Madison Square Garden for the privilege of picking up the tab. And there's a built-in bonus for the workman who spells Abplanalp's name correctly on the Garden marquee.

So. That's the ultimate justification. If Nixon is pelted with powder-puffs, it's not fair to throw rocks at

his hirelings. It is a unique system of justice which, if applied to all crime, would empty 90% of this nation's cells.

Everyone knows the Godfather doesn't go to prison. He dies in his garden of too many grandchildren and later comes back to sequel life, a bigger crook than ever. The crime chiefs are above the law, in Las Vegas penthouses. Their hired men sell the dope and lay the bets and pimp the prostitutes. And when the law declares an occasional crack-down, it is the hired men who get long prison terms. The Godfathers get indigence and check into the Mayo Clinic.

Under the Nixon-Ford-Sirica system, this is obviously un... The big crook goes free, the little crooks' punishment should be nothing more harsh than 6 months in a Newark Holiday Inn. And if the little crooks agree to squeal, they should be allowed unlimited visiting privileges into New York City to appear on Meet the Press and to sign contracts to write books revealing how a Mafia hit man found Christ in a subway john.

This new justice would do more than give burglars the same privileges as lawyers (excuse any redundancy). It would also make prison space available for the extended jailing of the miscreants who are the real threat to the very foundations of this government.

I mean the welfare cheats, the overtime parkers and the people who walk on grass.

Also the independent muggers who rob only to feed their own selfish habits — such as eating — and give no share of the proceeds to Organized Crime. This is almost as bad as not contributing to a political party.

Onward and Upward. †

If drivers would spend as much time looking for a good repair dealer as they do looking for a good car, there would be a lot more happy drivers.

What do you look for? One thing to look for is the red, white and blue NAPA Driveway Sign. Anywhere you see this sign, you know the replacement parts that dealer uses meet or exceed all manufacturers' original equipment specifications. And, any dealer particular enough to use the best parts is usually particular about his work.

[Continued from page 1]

by Fay Bowes

Mr. and Mrs. F. J. McClain of Redford spent from Wednesday to Sunday of last week visiting her sister and family, the Harry Weidemans. They also visited F. J.'s family while here.

Mr. and Mrs. Earl H. Longworth have been making frequent trips to Saginaw to visit his mother, Mrs. H. W. Longworth who has been hospitalized and was to have surgery this week.

Mr. and Mrs. Calvin Gates received a letter last week from their son and wife, Mr. and Mrs. Jim Gates, from Alaska saying that he had shot a moose while hunting only 30 miles from their home. The only way that they could get the moose home was to cut it up and transport it by snowmobile sled. The Jim Gates lived here with their parents for four years, two of which they spent as students at Kirtland Community College and helping at the Canoe Inn. They are teaching at Shishmaref, Alaska, on an island only 40 miles from the Arctic Circle. This is their first year but they have already signed up for another year. He teaches 4th grade and she teaches 2nd and 3rd and average 15 to 20 students each. The school has 5 teachers for students up to the 8th grade. Any children attending high school have to go to Nome to live. The island is inhabited by 350 Eskimos. The only transportation now is by snowmobile and in the summer by boat. The average temperature at this time of year is -30 degrees. They have no running water and have to melt ice for water. The island also has no trees. At Christmas time the Eskimos have a 5-day celebration. There is a community hall in which all 350 Eskimos enjoy their Christmas dinner together. All food for the island has to be ordered three months in advance and is flown in. The Calvin Gates also had a phone call recently from another son, Tom, who is stationed in Frankfurt, Germany. Tom is also a former KCC student and has been in service for two years. He is looking forward to his discharge in the spring.

The Monday 4-H cooking group met with their leaders, Mrs. Pat Lugvie and Mrs. Marie Mahaney on January 20 and the girls made Oatmeal Raisin Muffins. The girls in the club are Jennifer Riker, Kim Grandmanson, Dawn LaMotte, Kathleen Mahaney, Vicki Mahaney, Kay Golnick, Denise Egan, and Lynn Lugvie.

Mr. and Mrs. Robert Clayton of Okemos visited her mother, Mrs. Don Gothro for a couple of days last week.

A college source said that in a letter signed by Stenger, Miss Savino was cited for "insolence, disrespect, neglect of duty and refusing to meet with her employer." The source continued by saying Miss Savino claims "these charges are false," and that she is consulting with her attorney about taking legal action against the board of trustees and the college administration.

Recommendations for a replacement to fill the position of unseated board of trustee member Robert Tupper were opened "to the public and the administration" during the KCC board meeting Thursday, Jan. 16th.

Robert Bovee, chairman of the board, asked that interested persons contact a trustee if they wish to be considered for the position.

The next board meeting will be held in the KCC Board Room, Thursday, February 13 at 8:00 p.m. If there is a sufficient number of nominees for the vacated board seat, action will be taken to fill the seat at the meeting.

## Sandowski-Smock Exchange Vows

On December 22, 1974, Robert Sandowski, Jr. of Grayling and Mary Sandowski, daughter of Mr. and Mrs. Leo Sandowski of Fraser, were married at St. Rene's Church in Sterling Heights. Officiating at the ceremony was Rev. Steve Wettstein, a family friend.

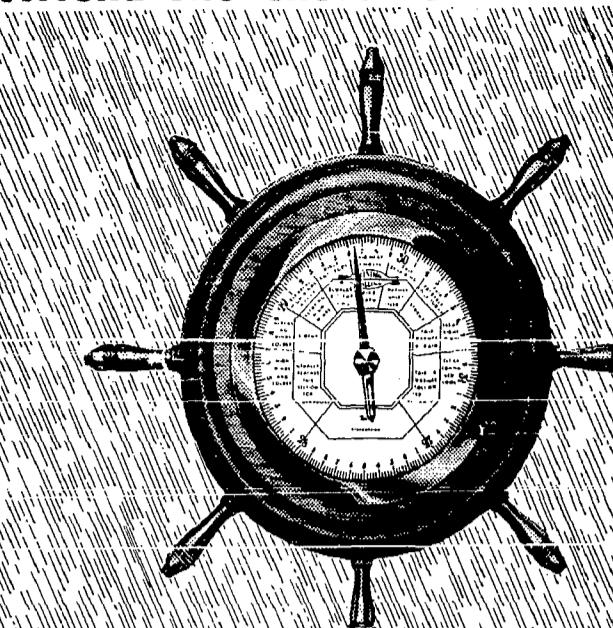

The bride's sister, Mrs. Carol Palombit of Troy, was the matron of honor. The best man was Robert Molgenhauer of Mt. Pleasant.

Music for the ceremony was provided by the bride's sisters, Jane and Nancy, Pam Raths, a friend of the bride, accompanied them on the guitar.

Following the ceremony, a dinner for the family and close friends was held at the home of Mr. and Mrs. Peter Palombit in Troy. Guests from Grayling included the groom's family, Mr. and Mrs. Robert Smock, Randy, Gail and Joseph and his grandmother Mrs. Jessie Smock who was celebrating her birthday that day.

After a honeymoon to Florida, Bob and Mary entertained family and friends at a reception on January 11 at the Holiday House in Mt. Clemens. Guests from Grayling attending included Mr. and Mrs. Jerry Smock, Mr. and Mrs. Steve Dawson, James Knibbs, Valerie Benfield, Larry Nielson, Johnny Alef and Bobby Owens.

## Attend The Church Of Your Choice

Would it really help to have an instrument to predict the storms of life?

When the barometer falls it's too late to build a sea wall or to dig a cyclone cellar. Wise men prepare when the wind is calm. A leaking roof must be mended while the sun shines.

The Church does not claim to provide a barometer of life. But it preaches every Sunday the spiritual readiness which climaxed Christ's Sermon on the Mount:

"Whoever heareth these sayings of mine, and doeth them, I will liken him unto a wise man which built his house upon a rock:

"And the rain descended, and the floods came, and the winds blew and beat upon that house...

"And it fell not: for it was founded upon a rock."

## PIONEER

EVERY SCIENTIST knows that much of research is a question of mice and men. Dr. Anthony Cerami, taking time out for reflection on this subject, is a March of Dimes-supported researcher into ehrlich cell disease. At The Rockefeller University, he pioneered a new drug which is now undergoing large-scale clinical trials to determine its safety and effectiveness for treatment of the disease.

## Theater Group Auditions Set

### For Feb. 4-5

Beginning the Main Street Players second year will be auditions for their spring production "We Bombed in New Haven" by Joseph Heller. The auditions will take place February 4th and 5th in the Roscommon High School Auditorium at 7:00 p.m. Director June Karjalainen and assistant director Sue Homer will conduct the auditions.

The play calls for eleven men and six women. While the number of women is flexible, the cast must include at least eleven men. This is something new for the Main Street Players. Previous productions have been chosen with the thought that male actors were relatively few in number around this area. The Players are confident that that's not so, and are hoping for a large turn-out Tuesday and Wednesday nights.

The play is a "semi-tragedy." The theme of the play carries a tragic message, yet it is often described in very humorous scenes.

Tentative performance dates are March 20th, 21st and 22nd, location to be determined.

## Vike Skiers Split Match

The Grayling Ski Team skied Charlevoix last Thursday and split with the Rayders, with the men's team winning and the women's team losing.

Herb Olson was again the top skier for the Vikings with first in slalom and second in Giant Slalom for first combined. Dave King was second combined with a second and third. Bob Kelly placed fifth with a fifth and seventh. Curt Larson placed sixth with a sixth and tenth and P. J. McNamara placed eighth overall with eighth and twelfth. Kevin Sloan was eighth in Giant Slalom and disqualified in the slalom.

The Viking girls found the slopes a bit slippery and failed to qualify for team time.

Jane Hart was the top Viking with a sixth overall. Michelle Reynolds placed seventh overall and Jan Gates was eighth. Tanya Sojka placed fifth in Giant Slalom. Melody Barkley ninth, but both were disqualified in the slalom. Nori Pieknik was disqualified in both events.

The Vikings travel to Boyne Mt. next week to take on the Ramblers.

## EDITOR'S MAILBOX

January 24, 1975  
Mr. H. D. Madsen, Publisher  
The Crawford County Avalanche  
Grayling, Michigan  
Dear Whitey:

The Blood Bank yesterday at The American Legion Hall was outstandingly successful! The generous response of the Good Neighbors of Crawford County, and from Kalkaska and Roscommon also, was heart warming. One hundred and thirty of our good citizens came to give a pint of their precious blood, and we were able to draw one hundred and nine units. Which, as best as we are able to determine, makes it the biggest single day Blood Bank in our Chapter's history. And it came when it was most needed!

It was really thrilling to watch the folks come in. The youngest was 17. The eldest was a lovely lady of 62 from Roscommon who came to donate her 31st pint. And she is determined to reach at least 32 pints and be a Four Gallon Donor. Fathers gave and phoned their daughters to come after work and donate, and they did come. Almost a dozen husband and wife teams came and both gave blood. Some brought their young sons and daughters to watch, so they would become familiar with this wonderful charity of blood giving, so they would be ready when their opportunity to give comes in the future.

You cannot watch something as sincere, as simple, and yet so wonderful, as people freely giving their blood to unknown neighbors and not feel so very proud of being an American. Because Americans truly are the friendliest, the most generous, the most charitable people in the world.

And no small measure of yesterday's successful Blood Bank is due to your staunch support in The Avalanche. The two front page stories in previous issues and yesterday's bold masthead "Thursday is the day!" were vital in spreading the word and encouraging response.

You deserve the appreciation of all the Good Neighbors who will eventually receive the blood given yesterday, and you know that all of us in Red Cross will be forever grateful to you.

Thanks so very much,  
Harriet and Harry Goodhue  
For the Crawford County  
Chapter of American Red Cross

A special meeting will be held on January 31st at 8:00 p.m. sharp. Girls, please be there.

There was a regular meeting on January 6th with no new enrollments. Following a short business meeting, it was adjourned with another meeting scheduled for January 20th.

There was a good turnout for the January 20th meeting. Senior Regent Tiny DeRousha thanked the girls who worked Sunday, January 19th, at the Legion of the Moose conclave. People were present on Sunday from Bay City, Saginaw, Clare, Skidway Lake, West Branch, Flint, Owosso. They came by two Greyhound buses, cars and min bus. All had a good time. Swiss steak was served with all the trimmings and they went away saying that they would like to come back again.

Pay Mayo gave her achievement award which she and her co-workers received last year.

A Valentine Dance is being planned for February 15th. A king and queen are to be chosen. Girls, check your duccard.
